

## **OUR SEAS, OUR LIFE**

Music by Vehnee Saturno

English translation from original Tagalog lyrics by Vehnee Saturno

The ocean is life, a blessing we ought to treasure  
Our rivers, our blue seas are Earth's gift's to people  
Why are we turning our ocean into this wasteland  
Our life-giving blue seas into this lifeless mud?

### **CHORUS**

Let us cherish our ocean, we all must do our share  
For water that is blue, it means life  
Let us not lay waste  
The sea, the river, precious jewels all  
And so let us love the ocean, and let us save our blue seas  
For ocean and life, they are one, they're the same

The treasures of the sea can't last forever  
See how they're almost gone, precious sea jewels  
So let us love the ocean as we cherish our dreams  
For the sea means life for all  
(CHORUS)

### **BRIDGE**

For the sea and life, they are one, they're the same  
For ocean and life, they are one, they're the same
